

# ROOF & GUTTER SILICONE

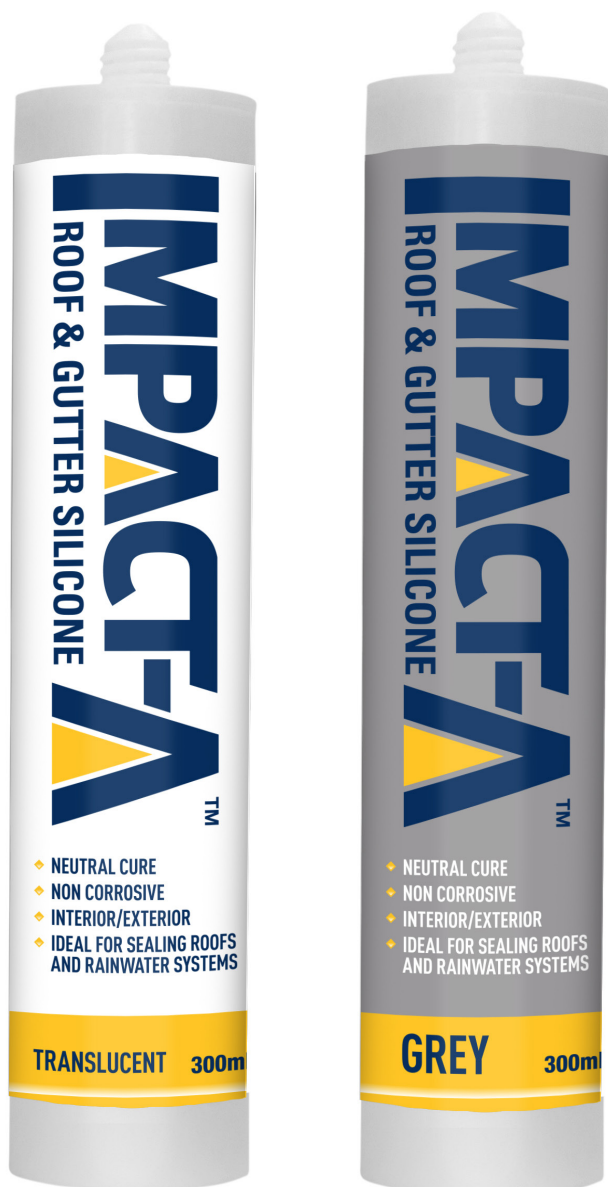

GREY & TRANSLUCENT

SIZE: 300ml

IMPACT-A Roof & Gutter silicone is a premium quality, neutral cure sealant specially formulated for sealing sheet metal, aluminium roofing and guttering, and other common building materials. With joint movement capability (+/- 25), it is ideal for general plumbing use.

Sealing and weatherproofing roofing, guttering, flashing, wall cladding, rainwater accessories, interior/exterior plumbing applications, downpipes and PVC plastic fittings. We always recommend that adhesion tests are carried out prior to application.

Approved for use in contact with potable water, meets (AS4020-2005).

Code: 10022 - Grey

Code: 10023 - Translucent
