

8PCE SCREWDRIVER SET

The Impact-A screwdriver has a durable and corrosion-resistant S2 alloy steel shaft, extending through the entire handle providing extra strength and durability. The steel shaft has a matte chrome finish, which provides corrosion resistance.

The handle is made of PP and TPE, providing rigidity and strength, a comfortable grip and some shock absorption.

This robust construction is ideal for the tradesperson. Not only is there comfort and durability, but the steel shaft extending

through the handle down to the tip of the screwdriver, provides extra strength, making it suitable for heavy-duty use and ensures longevity and ease of use.

Elevate your toolkit with our Thru Tang Precision Screwdriver Set, designed to exceed expectations in performance and durability.

Key Features

- **Matt Chrome Electroplated S2 Alloy Steel Shaft:** Provides strength and durability, ideal for demanding applications and will provide long lasting performance.
- **PP+TPE Material Handle:** Offers a comfortable grip and ergonomic design for reduced hand fatigue and strain during extended use.
- **Through Steel Core Shaft:** Ensures stability and strength, allowing for reliable torque transmission.
- **Flat & Phillips Tips:** Includes a variety of Flat and Phillips screwdrivers for versatile use in different applications.
- **Precision and Versatility:** Suitable for a wide range of tasks, from household repairs to professional installations.
- **Reliable Performance:** Designed and engineered to withstand high torque and repetitive use without compromising on performance.

Set includes

- PH1 x 75mm, PH2 x 100mm, PH2 x 150mm, PH3 x 200mm, SL5 x75mm, SL6 x150mm, SL8 x200mm, SL10 x250mm
- Comes in a storage bag
